

EDUCATION

08/2023

Western Governors University

Master of Science (M.S.): Data
Analytics

11/2021

Western Governors University

Bachelor of Science (B.S.):
Data Management/Data
Analytics

SKILLS

- Data Analysis Tools: SQL, Python (Pandas, scikit-learn, NumPy), R, MongoDB, HTML, CSS
- Visualization & BI Tools: Tableau, Excel, Matplotlib, Plotly Dash
- Technologies: ETL Processes, API Development, Data Warehousing(Teradata), Machine Learning, CI/CD
- Concepts: Data Interpretation, Statistical Analysis, Data Storytelling, Problem Solving, Project Management

CERTIFICATIONS

- CompTIA Project+
- ITIL Foundation Certificate in IT Service Management
- WGU- Udacity Data Analyst
- Stackable Certification (CompTIA A+, CompTIA Network+)
- Micro-credential - Advanced Data Modeling
- Micro-credential - Data Analytics Fundamentals
- Micro-credential - Data Preparation

ISSA ABDULKADIR

Seattle, Washington

PROFESSIONAL SUMMARY

Dynamic Data Analyst with extensive experience in developing actionable data visualizations and dashboards using Tableau. Proven track record in enhancing stakeholder decision-making processes through effective training and innovative data integration solutions. Skilled in simplifying complex data sets into clear, impactful insights to drive strategic business outcomes.

EXPERIENCE

10/2022 - Present

Data Analyst

Boeing | Boeing, Renton

- Led the design and implementation of dynamic Tableau dashboards, significantly enhancing data-driven decision-making across the organization.
- Trained stakeholders to use and interpret dashboards, improve data literacy, and make better business decisions.
- Developed a unified data collection tool that integrates different sources into a single platform, increasing efficiency and accessibility for stakeholders.
- Collaborated with cross-functional teams to align data visualizations with organizational goals, facilitating a 55% improvement in project delivery efficiency.
- Automated key data processes using Python, leading to a 90% reduction in manual effort and a 50% increase in process efficiency.

03/2022 - 10/2022

Manufacturing Operation Analyst

Boeing | Boeing, Renton

- Improved product quality by identifying and eradicating 40% of persistent defects through comprehensive root cause analyses.
- Increased airplane build efficiency by 30% through cross-functional collaboration and process optimization.
- Ensured 100% operational continuity by providing timely

support for critical projects and resolving emergent issues within 24 hours.

09/2018 - 03/2021

Team Lead (Aircraft Electrical System)

Boeing | Boeing, Renton

- Led and implemented better methods of installation of electrical systems, equipment, and assemblies with 25% increase in efficiency.
- Achieved knowledge of aircraft systems and required test equipment at over 90% passing scores.
- Persuaded in sequencing of work operations and problem resolution to achieve 0 delays with engineering team.

01/2017 - 01/2019

Web Developer

Freelancer | Freelancer, Remote

- Developed interactive website for small business that resulted in 20% revenue increase.
- Implemented web security enhancement to improve data security, web functionality, and speed with 0 data compromised.
- Managed and controlled file servers and web account access with 100% efficiency.

12/2016 - 04/2018

Warehouse Specialist

Schweitzer Engineering Laboratory (SEL) | Schweitzer Engineering Laboratory(SEL), Pullman

- Led management of orders from processing, selecting, kitting, order data entry, and storage with 0 delays
- Using Excel to enter discrepancies found in the various ordering processes with 0 errors.
- Developed and implemented work-instructions that improved daily performance by 25%.
